

Sleeptight**Security**

CCTV • Fire Alarm • Intruder Alarm

There are easier ways to protect your home...

...and at Sleeptight Security, a local family run business, we aim to provide a rapid and reliable service. We pride ourselves on exceeding our customers expectations by providing good quality products and a professional job carried out by the same dedicated engineer each time, we have built our reputation on word-of-mouth, to us you are not just a number!

We specialise in:

- Installing fire alarms • Installing burglar alarms • Installing CCTV systems
- Fault finding • Routine service and maintenance

Sleeptight Security will contact you to arrange a convenient time to come and discuss your requirements, if you could take the time to fill in the information below prior to arrival it will help assist us in compiling an accurate no obligation quote. The consultation process is a no nonsense appointment to asses your needs, a dedicated member of the team will be your sole point of contact through the entire process, we will give you impartial advice on the products we feel would best fit the job and endeavour to get a quote to you within a week of our vist.
